Information Regarding the Statement of Vote

This Statement of Vote is prepared and issued pursuant to Elections Code Section 15372 - 15374.

How results are compiled

The Statement of Vote reports results by “consolidated” voting precinct for each contest on the ballot.

The Statement of Vote reports the total number of votes cast in Santa Cruz County for and against:

- Measure A – Lakeside Joint School District Parcel Tax

Santa Clara County was the lead county for this district. Vote results for that county are not included in this Statement of Vote.

Every voter in the district was mailed a ballot, and a polling place was set up at Las Cumbres Community Center on Election Day. Please refer to the table of contents for other valuable election information contained in this Statement of Vote.

The “Registration” column shows the total registration for the consolidated voting precinct. Voter registration information is current as of the last day to register to vote in the election (15 days prior to the election). Late arriving, but eligible, voter registration affidavits are not included in the registration figures. The “Ballots Cast” column shows total ballots cast in the vote-by-mail precinct.

Other reports included

Two election result summaries are included: the Final Official Results and the Semi-Official Election Night Results.

Vote-By-Mail ballot statistical reports are provided showing the total number of ballots issued by voting precinct and then the total number of ballots returned by voting precinct.

Cost and Information

Bound copies of this Statement of Vote may be purchased for \$10 or individual pages for 50 cents per page.

If you have any questions concerning any portion of this Statement of Vote or need additional copies, please contact the Santa Cruz County Elections Department, 701 Ocean St., Room 210, Santa Cruz, CA, 95060; phone 831-454-2060; FAX 831-454-2445; Toll-Free 1-866-282-5900; website www.votescount.com

Canvass Activities Summary

March 7, 2017 Special District Election

1% Manual Tally

Per Elections Code Section 15360, 1% of precincts must be hand tallied to determine that the voting system is reading and tabulating votes correctly. For March 7, 2017 there were 2 voting precincts, which meant that only 1 precinct needed to be counted.

The precinct was randomly selected by staff on Monday March 13 at 9am via a coin toss. All votes cast in that precinct was tallied. Spoiled, cancelled and otherwise invalidated ballots were not tallied as they are not valid ballots.

Vote-by-mail ballots were tallied by audit teams of 2 auditors. Ballots were sorted by vote: yes or no. There were no blank ballots (undervotes) or over voted ballots. After being sorted, each category was put into piles of 10. The team then switched piles to ensure they were sorted and piled correctly. Then each category was counted and compared to the tabulated results.

Below is the precinct that were drawn for the 1% tally:

	5th
Measure A	50221

There were no observers present during the canvass, but we welcome observers at all times. Because the audit was conducted at our office, no additional security measures were required above and beyond normal security precautions in place.

In the end, the results from the manual tally matched the machine results with 100% accuracy.

Search for Live Ballots

After searching through all the supplies and equipment that were returned from the Voter Assistance Center, we did not find a single live ballot.

Seals Audit

Each piece of voting equipment is protected under many levels of security. One level of that security is the visible seals used on the equipment both permanently and on Election Day. All visible seals were audited. There were no anomalies or break of security that endangered any votes.

Equipment Incidents

There were no incidents reported and/or logged for this election.
