LOCAL NONPARTISAN CANDIDATES' STATEMENTS OF QUALIFICATIONS

The following pages may not contain a complete list of candidates. A complete list of candidates appears on the Sample Ballot. Each statement is volunteered by, and (unless otherwise determined by the governing body) is printed at the expense of, the candidate.

Statement of **NICK RIVERA**, Candidate for
Member of City Council, District 4
City of Watsonville

Occupation: National Nonprofit Board of Directors

Age: 19

I was born and raised in Watsonville. I graduated from Aptos High School in 2005 and I am currently attending Cabrillo College. For three years I sat on the Board of Managers of a State wide nonprofit organization, and I currently sit on the Board of Directors of a National nonprofit corporation. Through my nonprofit work I have experience working with multi million dollar budgets, organizing volunteers, and lobbying state and federal lawmakers.

If elected to the City Council, I would insist on a plan to have the voters of Watsonville elect the Mayor in place of the City Council electing the Mayor. I would work with law enforcement officials to provide them with the resources necessary to put an end to violence and preserve public safety. I would advocate smart growth for Watsonville, and bring the city up to speed with technology. It is time the government take full advantage of the Internet to maximize efficiency and provide the public with secure online information and services. I will also work to preserve the natural environment, and the agricultural industry that has made Watsonville famous. I will be your voice to the City not the City's voice to you.

Statement of **KIMBERLY K. PETERSEN**, Candidate for
Member of City Council, District 4
City of Watsonville

Occupation: Staff Development Trainer & Trainee Supervisor
for the County of Santa Cruz Human Resources Agency

Age: 30

I believe a City Council Member should be able to listen and respond to his/her constituents, be able to negotiate and solve problems and think about the long-term results of decisions that are made by the council.

My professional experience combined with my education and dedication to public service makes me a good candidate for City Council. I have a B.A. in Communication with a minor in Spanish, and a M.A. in International Policy Studies with a specialization in Human Rights and Development. I am bilingual (English/Spanish), and I have worked with the diverse populations of the Central Coast in multiple capacities. Due to my work in a Federal Congressional office and currently, for the County of Santa Cruz training & supervising staff who administer the Medi-Cal program, I am aware of the impact that political decisions have on individuals.

Watsonville is a beautiful city with a growing diverse population. I think it is important to protect the natural beauty within and around our city, as our communities and economy develop into the future. My background and interests have prepared me to play a role in that future as a City Council Member.

Declaración de **KIMBERLY K. PETERSEN**, Candidata para
Miembro del Concejo de la Ciudad, Distrito 4
Ciudad de Watsonville

Ocupación: Instructora para el desarrollo del personal y
supervisora de aprendices para la Agencia de
Recursos Humanos del Condado de Santa Cruz

Edad: 30

Creo que el miembro del concejo de la ciudad debe poder escuchar al electorado y dar respuestas, poder negociar y solucionar problemas y pensar sobre los resultados a largo plazo de las decisiones tomadas por el concejo.

Mi experiencia profesional combinada con mi preparación académica y dedicación al servicio público me hacen una buena candidata para el concejo de la ciudad. Tengo una licenciatura en Comunicación con una concentración menor en el Idioma Español y una maestría en Estudios de Políticas Internacionales con una especialización en Derechos Humanos y Desarrollo. Soy bilingüe (inglés-español) y he trabajado con las diversas poblaciones de la Costa Central en distintas calidades. Debido a mi trabajo con una oficina legislativa federal, y actualmente para el personal de capacitación y de supervisión del Condado de Santa Cruz quienes administran el programa Medi-Cal, estoy al tanto de las consecuencias que las decisiones políticas tienen sobre las personas.

Watsonville es una ciudad hermosa con una creciente población diversa. Creo que es importante proteger la belleza natural dentro de nuestra ciudad y en los alrededores, en tanto que nuestras comunidades y economía crecen hacia el futuro. Mi formación e intereses me han preparado para desempeñar un papel en ese futuro como miembro del concejo de la ciudad.

Statement of **JOE PENDRY**, Candidate for
Director, Division A
Pajaro Valley Water Management Agency

Occupation: Social Worker, Retired

I am a candidate for the PVWMA Board. I believe change is needed as well as a strong voice and advocacy for water conservation. I wish to bring a strong public focus on water conservation, evaluation of conservation measures; both of which are presently non-existent. An answer must be found to the longstanding over-draft of the aquifer. I have no magic answer but a strong conservation campaign and a halt to the unsustainable rush to development are possibilities to explore. I have no conflicts of interest.

Qualifications: I graduated from Purdue University 1959 with a BS and from UC 1970 with a Masters in Social Work. I have been employed in Santa Cruz and Santa Clara county mental health systems and in San Benito County as Director of Alcohol and Drug Programs managing Prevention and Treatment Programs with a million dollar budget

I have attended PVWMA Board and Committee meetings for much of the past 4 years and have a good knowledge of what is going on and what is needed at PVWMA. What is not needed is more battery's of attorneys and flocks of highly paid consultants!

I would appreciate your vote.

Statement of **WARREN KOENIG**, Candidate for
Director, Division A
Pajaro Valley Water Management Agency

Occupation: Retired Ph.D. Chemical Engineer

Age: 81

As a 25-year owner of farmland and an inland resident of the Pajaro Valley, I am well qualified to serve as director on the Pajaro Valley Water Management Agency Board. I am currently Chairman of the Santa Cruz County Water Advisory Commission and have been closely involved with water resources issues of the Pajaro Valley and throughout the county for over 15 years.

My credentials: I served as a director of the Pajaro Valley Water Management Agency from 1998 through 2002 and was closely involved in the Basin Management Plan development and approval. With the upcoming construction of Agency projects and the development of regional partnerships, I will strive to maintain momentum and accountability for the PVWMA.

ORDINANCE NO. (CM)

AN ORDINANCE OF THE OF THE CITY COUNCIL OF THE CITY OF WATSONVILLE ADDING A NEW ARTICLE 10 TO CHAPTER 6 (TAXATION) OF TITLE 3 (FINANCE) OF THE WATSONVILLE MUNICIPAL CODE IMPOSING A TRANSACTIONS AND USE (SALES) TAX TO BE ADMINISTERED BY THE CALIFORNIA STATE BOARD OF EQUALIZATION

Sec. 3-6.1002 Operative date.

(a) To impose a retail transactions and use tax in accordance with the provisions of Part 1.6 (commencing with Section 7251) and Section 7285.9 of Part 1.7 both in Division 2 of the Revenue and Taxation Code which authorizes the City to adopt this tax ordinance which shall be operative if a majority of the electors voting on the measure vote to approve the imposition of the tax at an election called for that purpose.

(b) To adopt a retail transactions and use tax ordinance that incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.6 of Division 2 of the Revenue and Taxation Code.

(c) To adopt a retail transactions and use tax ordinance that imposes a tax and provides a measure therefore that can be administered and collected by the State Board of Equalization in a manner that adapts itself as fully as practicable to, and requires the least possible deviation from, the existing statutory and administrative procedures followed by the State Board of Equalization in administering and collecting the California State Sales and Use Taxes.

(d) To adopt a retail transactions and use tax ordinance that can be administered in a manner that will be, to the greatest degree possible, consistent with the provi-

sions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of record keeping upon persons subject to taxation under the provisions of this ordinance.

Sec. 3-6.1004 Contract with State.

Prior to the operative date, the City shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of this transactions and use tax ordinance; provided, that if the City shall not have contracted with the State Board of Equalization prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract.

Sec. 3-6.1005 Transactions Tax Rate.

For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the incorporated and unincorporated territory of the City at the rate of one quarter of one percent (0.25%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in said territory on and after the operative date of this ordinance.

Sec. 3-6.1006 Place of sale.

For the purposes of this ordinance, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. If a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the State Board of Equalization.

Sec. 3-6.1007 Use tax rate.

An excise tax is hereby imposed on the storage, use or other consumption in the City of tangible personal property purchased from any retailer on and after the operative date of this ordinance for storage, use or other consumption in said territory at the rate of one quarter of one percent (0.25 %) of the sales price of the property. The sales price shall include delivery charges when such charges are subject to state sales or use tax regardless of the place to which delivery is made.

Sec. 3-6.1008 Adoption of provisions of State law.

Except as otherwise provided in this ordinance and except insofar as they are inconsistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, all of the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this ordinance as though fully set forth herein.

Sec. 3-6.1009 Limitations on adoption of State law and collection of use taxes.

In adopting the provisions of Part 1 of Division 2 of the Revenue and Taxation Code:

(a) Wherever the State of California is named or referred to as the taxing agency, the name of this City shall be substituted therefor. However, the substitution shall not be made when:

(1) The word "State" is used as a part of the title of the State Controller, State Treasurer, State Board of Control, State Board of Equalization, State Treasury, or the Constitution of the State of California;

(2) The result of that substitution would require action to be taken by or against this City or any agency, officer, or employee thereof rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this ordinance.

(3) In those sections, including, but not necessarily limited to sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to:

Sec. 3-6.1015 Effective date.

This ordinance relates to the levying and collecting of the City transactions and use tax and shall take effect immediately.

IMPARTIAL ANALYSIS BY CITY ATTORNEY MEASURE L

If adopted, this Measure would increase the sales tax in Watsonville by one quarter of one percent ($\frac{1}{4}\%$). The sales tax is sometimes referred to as "transactions and use tax". The present sales tax rate in Watsonville is eight percent (8%). This Measure would increase the rate to eight and one quarter percent (8.25%). The proposed increase would be imposed just like the present tax; upon the sale of tangible personal property sold at retail within the City limits and upon the storage, use, or other consumption of tangible personal property purchased from any retailer in the City limits.

All revenue from the proposed tax would go into the City's General Fund and would therefore be used by the City to pay for general City operations and services including police, fire, parks, building code enforcement and street repair and improvements. This Measure is therefore a "general purpose tax" rather than a "special purpose tax" and requires a simple majority vote.

This Measure would be valid and effective if and only if the voters also approve Measure M which amends Subdivision (b) of the City Charter, capping the City retirement tax. This sales tax would replace part of the revenue lost by capping the retirement tax.

FISCAL IMPACT STATEMENT BY CITY FISCAL OFFICER MEASURE L

Measure L and Measure M are co-dependent. That is, both measures must be approved by the voters for either to take effect. Measure L would increase the sales tax rate in the City of Watsonville by $\frac{1}{4}\%$, increasing City revenues by approximately \$1.1 million. Measure M would reduce the property tax for the City employees' retirement program by 30% and place a new cap of 7.7 cents per \$100 of assessed value on the rate which could be charged. Measure M would decrease City revenues by approximately \$1.1 million.

Because Measure L and Measure M would oppositely impact cost flow within the same fiscal year, projections show that the difference between the addition of increased sales tax collections and the reductions in retirement tax collections would be negligible. Therefore, if Measure L and Measure M are approved by the voters the impact on the City budget would be neutral.

The City of Watsonville currently has the lowest municipal sales tax rate in Santa Cruz County at 8%, or 8 cents on every dollar paid for a taxable item. Of this amount, the City of Watsonville receives 1%, or 1 cent on every dollar. These funds are used to pay for general City services such as police, parks, fire, neighborhood crime and gang prevention, community services, road and pothole repair and building code enforcement.

If voters approve Measure L, it would increase the total sales tax rate to $8\frac{1}{4}\%$, and would raise the local portion the City receives to $1\frac{1}{4}\%$. California cities are allowed to adopt increased rates above the 1% base rate as a "local option" based on State legislation.

Actual sales tax collections may vary from year to year depending upon economic conditions. The current sales tax rate generated \$5,879,813 for the annual period from July 2004 to June 2005 and is projected to generate \$6,513,353 for the annual period from July 2005 to June 2006. Based on projections, this proposed $\frac{1}{4}\%$ increase would generate an additional \$1,055,000 in General Fund revenue for the fiscal year beginning in July 2007.

Many large sales transactions that occur within the City would not be impacted by this increase and thus would not generate additional sales tax revenue. For example, auto vehicles sold to parties residing outside of the City would not be taxed at the Watsonville sales tax rate nor be allocated to the City of Watsonville. Accordingly, any of these transactions would not be impacted by the proposed $\frac{1}{4}\%$ increase.

Sales Tax is currently the number one revenue source for the City's General Fund and is almost 20% of total General Fund revenues. This demonstrates that the City's resources are balanced as many jurisdictions depend on much larger percentages for sales tax or their top revenue source, commonly between 30%-50%.

Many local jurisdictions have recently increased their sales tax rates. Salinas, Sand City and Scotts Valley have increased their rate by $\frac{1}{2}\text{-cent}$ and Santa Cruz and Capitola by $\frac{1}{4}\text{-cent}$.

ARGUMENT IN FAVOR OF MEASURE L

As part of the recent election regarding an existing property tax known as the Retirement Tax, the Watsonville City Council committed to the formation of a Blue Ribbon Committee charged with identifying a sustainable resource base for City services including the possibility of eliminating or reducing the Retirement Tax.

This Blue Ribbon Committee included representatives appointed by:

- Business
- Industry
- Real estate
- Labor
- Tax repeal proponents
- Social services and
- Each council district

The committee voted to support a $\frac{1}{4}$ cent sales tax increase, to be combined with a significant reduction to the property tax known as the Retirement Tax. Measure L will increase the retail sales tax from 8% to 8 $\frac{1}{4}$ %, generating approximately \$1.1 million annually to support essential City services. Accompanying Measure M will cap the Retirement Tax to 7.7 cents per \$100 of assessed value, which is a reduction of 30% from the current rate. The sales tax increase, Measure L, will only become effective if voters also approve Measure M.

The services that will be maintained by this revenue include:

- Police
- Fire
- Parks & Recreation
- Neighborhood crime prevention
- Building code enforcement
- Gang prevention programs
- Road and pothole repair
- Other services provided by the City

The Blue Ribbon Committee recommends this Measure because:

- It is the fairest tax, as it spreads the burden of funding City services across the entire population. We will all share the burden.
- The sales tax generated will stay in the City of Watsonville, protected from State and Federal government takeaways.
- Approval of this Measure and Measure M will result in lowering property taxes significantly while saving all City services.

Vote YES on Measure L. Lower your taxes while protecting City services!

CITY OF WATSONVILLE

M Shall the City of Watsonville amend Subdivision (b) of Section 1122 of Article XI of the Charter of the City of Watsonville by adding a new Subdivision (3) which caps the retirement tax rate at 7.7 cents per \$100.00 of assessed value, to be effective on July 1, 2007, if the voters also approve a one quarter of one percent (0.25%) sales tax increase?

FULL TEXT OF BALLOT MEASURE M
CITY OF WATSONVILLE

PROPOSED AMENDMENTS TO THE CHARTER OF THE CITY OF WATSONVILLE SPECIAL MUNICIPAL CHARTER AMENDMENT ELECTION
NOVEMBER 7, 2006

The Council of the City of Watsonville hereby submits to the registered and qualified electors of the City for their adoption or rejection, the following proposal to amend the Charter of the City of Watsonville by adding a new Subdivision (3) to Subdivision (b) of Section 1122. Tax Limits to read as follows:

"(3) The tax provided for in Subdivision (b)(2) of this section shall not be collected at a rate exceeding 7.7 cents on each One Hundred and no/100th (\$100.00) Dollars of assessed value."

IMPARTIAL ANALYSIS BY CITY ATTORNEY
MEASURE M

Subparagraph (1) of subdivision (b) of Section 1122 of the Watsonville City Charter, adopted by the voters in 1960, authorized an additional real estate tax in Watsonville to be collected with other real estate taxes. The purpose of this additional real estate tax was to pay all annual City obligations to the State Employees' Retirement System, or other system for the retirement of City employees.

This tax has been collected annually since 1950. The rate in 2004 was 13.4 cents per hundred dollars of assessed value.

This Measure, if approved by the voters, would amend the City Charter by adding new language to Section 1122 prohibiting the City from collecting this retirement tax at a rate exceeding 7.7 cents per hundred dollars of assessed value. This would reduce and cap the retirement tax paid by all owners of Watsonville real estate.

This Measure would become valid and effective only if the voters also approve proposed Measure L which would authorize a citywide $\frac{1}{4}$ cent sales tax. The City would use the sales tax increase to partially offset this reduction in the retirement tax.

FISCAL IMPACT STATEMENT BY CITY FISCAL OFFICER
MEASURE M

Measure L and Measure M are co-dependent. That is, both measures must be approved by the voters for either to take effect. Measure L would increase the sales tax rate in the City of Watsonville by $\frac{1}{4}$ %, increasing City revenues by approximately \$1.1 million. Measure M would reduce the property tax for the City employees' retirement program by 30% and place a new cap of 7.7 cents per \$100 of assessed value on the rate which could be charged. Measure M would decrease City revenues by approximately \$1.1 million.

Because Measure L and Measure M would oppositely impact cost flow within the same fiscal year, projections show that the difference between the addition of increased sales tax collections and the reductions in retirement tax collections would be negligible. Therefore, if Measure L and Measure M are approved by the voters the impact on the City budget would be neutral.

The City of Watsonville voters approved the retirement tax levy that partially funds the City of Watsonville's employee retirement system as part of the City Charter in 1949 and again in 1960. This levy is an ad-valorem tax. That is, the amount is based on the assessed value of the property and is above the 1% standard property tax rate. This tax is also a restricted tax as it can only be used to pay for the City's employee retirement system costs.

Annually, the City Council approves an ordinance setting the following year's retirement tax levy rate and instructs the County of Santa Cruz to levy that rate on all taxable property within the City. The collections are remitted to the City, held in a separate, audited fund and transferred into the General Fund as a cost reimbursement.

If approved by the voters, Measure M would amend the City Charter by placing a rate cap on the retirement tax levy of 7.7 cents per \$100 or \$77 per \$100,000 in assessed value. This would be a reduction of approximately 30% from the rate currently in place, which is 11 cents per \$100 in assessed value. This cap would set the maximum rate that could be collected for any annual period after June 30, 2007. In its 57 years of existence, the levy rate was below this proposed cap only once, in 1950, the first year it was established. Over this same period, it has averaged 22.3 cents per \$100 or \$223 per \$100,000 in assessed value.

Based on projections for the fiscal year beginning on July 1, 2007, this cap would limit the possible annual retirement tax collections to approximately \$2,400,000. This is \$1,103,177 less than the projected collections for the fiscal year beginning on July 1, 2006 which total \$3,503,177.

Due to assessed value increases, the City Council reduced the rate for the fiscal year beginning on July 1, 2006 to 11 cents per \$100 in assessed value while maintaining the amount required to adopt a balanced budget.

ARGUMENT IN FAVOR OF MEASURE M

The Watsonville City Council is committed to implementing the recommendations made by the Blue Ribbon Committee and this Measure is a reflection of that commitment.

When recently faced with a ballot measure regarding an existing property tax known as the Retirement Tax, the voters agreed to work with the City Council to find an alternate sustainable resource base for City services. Measure M would reduce the Retirement Tax while maintaining City services.

Vote yes on Measure M! This Measure sets a cap of 7.7 cents per \$100 of assessed value. Once this cap is in place, only Watsonville voters can change it.

This is your opportunity to reduce the Retirement Tax by 30%. Accompanying Measure L, if approved, will raise sales tax by $\frac{1}{4}\%$. This will spread the tax burden across the entire population, while reducing taxes for property owners.

This proposal is recommended by the Blue Ribbon Committee, which included representatives appointed by:

- Business
- industry

Vote yes on Measure M! You can reduce your taxes without losing city services. This measure only becomes effective if Measure L is also approved.
